

Guide to International Evaluation Companies for Undergraduate Applicants

Transcript evaluations are required for all college level work completed outside of the US. High school transcript evaluations are also required for international freshman applicants and for transfer applicants who have earned less than 24 hours (1 year) of college credit. Transcript evaluations will be accepted from any NACES accredited evaluation agency. Evaluations must be **course-by-course**, official, and sent directly from the evaluation company to Belmont at: Office of Admissions, Belmont University, 1900 Belmont Blvd., Nashville, TN 37212

Below is a list of suggested evaluation agencies with information about different evaluations and costs.
